Canada

Trade-marks Journal
Vol. 65 No. 3300

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

chemicals; coolants for vehicle engines, anti-boil preparations for engine coolants; chemicals, binding agents, chemical preparations for use in the manufacture of paint; chemicals for use in the manufacture of adhesives and solvents; textile brightening chemicals; reducing agents for use in photography, agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; fertilizers; fire extinguishing compositions; tempering and soldering preparations for metal, namely, tempering and soldering chemicals; chemical substances for preserving foodstuffs; leather tanning substances; putties; motor vehicle paints, motor vehicle varnishes, thinners for paints and lacquers, also in spray or pen form; anti-rust treatment for vehicles; anti-rust preparations for preservation, anti-corrosive paints and oils; anti-rust inhibitors for metal; paint, metal coatings namely, automobile finishing coatings, corrosion inhibiting paint type coatings, metal paint namely automobile finishing paint and lacquer glazes; preservatives against deterioration of wood; paint colorant for motor vehicles; paint colorants for vehicles, fabric dye, oil soluble dyes, textile dyes; mordants for leather, metal, wood; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists; bleaching preparations and laundry bleach; cleaning, care, preservation, polishing, scouring and abrasive agents, in particular such for vehicles, engines /motors and machines (including drive units and construction machines), namely, laundry detergents, windscreen/windshield washer fluids, wax, cleaning preparations, namely, all-purpose cleaning preparations, auto shampoos, rust preservatives in the nature of coating, all purpose cleaning preparations, motor cleaning agents, light metal or metal alloy cleaning preparations for motor vehicles; laundry soap, body and face soap; perfumery, perfumes, cosmetics, hair lotions, namely, perfume atomisers, toilet waters, non-medicated toilet preparations, namely, bar soaps, cleansing milk, cosmetic and leather cleanser for vehicles, powder boxes, shaving and after-shave preparations, oils, creams and lotions for the skin; dentifrices; industrial oils and greases, namely, anti-rust oils, lubricants and hydraulic oils; lubricants, namely, lock lubricants; automotive engine oils, anti-rust oils, anti-corrosive oils, fuel oils, industrial oils; dust absorbing, wetting and binding preparations for use in the manufacture of inks and paints, binding preparations for paints, chemical binding agents; motor vehicle fuel, gasoline, oils; flashlights, candles; motor vehicle lights; candles, candle wicks; dietetic sugar for medical use, food for babies; bandages, namely, adhesive, support and elastic bandages; first-aid kits (filled); material for stopping teeth, dental wax; household and industrial disinfectants, namely all purpose disinfectants; preparations for destroying vermin; fungicides, herbicides; common metals and their alloys; metal building materials, namely, walls, floors, beams, metal drain pipes, gutter pipes of metal, screws, bolts, valves, namely, safety valves, check valves, air valves; transportable buildings of metal, namely, sheds, garages; materials of metal for railway tracks; non-electrical guy wire, non-electrical lifting cables and computer terminals, smart terminals, and speedometer cables of common metal; ironmongery, small items of metal hardware and goods of common metal, namely, anti-theft locks for automobiles, electric locks for automobiles, lock bolts, door locks of metal, door latches of metal, door latches, metallic tubes for vehicles, namely, metallic inner tubes for vehicles, metallic air hoses, metallic hoses for vehicles, metallic valves for pipes for vehicles, automotive exhaust pipes, clips of metal for pipes, pipe gaskets, elbows of metal for pipes, metal screws, bolts of metal, lock bolts, nuts, rivets, lock washers, spring washers, flat washers, chains (except drive chains for vehicles), electric plugs, glow plugs for diesel engines, spark plugs, split pins, shims, spacer rings, clamping bushings, cable clamps of metal, metal hose clamps, spoke clips for wheels, Woodruff keys, screw unions, spring bolts, shackles, ball joints, hinges, bearing brackets for machines, spacer brackets of metal, cantilevered brackets of metal, vehicle engine tanks, pressure water tanks, petrol tank covers for automobiles, level controlling valves in tanks, tank covers, grease nipples, fuel cans, ladders, car handles, metallic signs, namely, nameplates, mechanical signs, electrical metal wires, steel wire, wire mesh, badges for vehicles, machine belt fasteners of metal, slide fasteners and parts thereof, snap fasteners, stud fasteners, press

fasteners, tow ropes of metal, canister sets, badges of metal for vehicles, heat-sealed badges, keys, key blanks, key fobs, key rings, key ring pendants and pins, vehicle registration plates, money clips, directional signals for automobiles, emergency warning lights, lamps and lightbulbs for directional signals in automobiles, non-luminous, non-mechanical road signs of metal, reflectors for traffic signals, rotating signalling lights, cardboard boxes, metal boxes, luggage labels of metal, Christmas ornaments, safes, internal venetian blinds; ores; motors and engines (except for land vehicles), namely, marine engines, aircraft engines, engines for industrial, agricultural and forestry machines, stationary combustion engines for automobiles, stationary combustion engines for industrial machines, industrial air turbines, industrial gas turbines, industrial hydraulic turbines, electric motors for motor cars, trucks and buses; electric generators and automotive alternators; high-frequency generators; air cleaners (air filters) for engines and floating anti-pollution barriers for motors and engines; carburettors, converters for liquid fuels for vehicles, fuel injectors for automobiles, injection pumps, vehicle fuel pumps, electric speed controllers, injection nozzles for automobiles and nozzle holders, machine valves, namely, check valves, automatic valves, erg valves, magnetic valves, safety valves, valves being parts of machines, valves for vehicle tires, car vaporizers, car starters, electronic ignition for vehicles, ignition devices for motors of land vehicles, ignitions for vehicles, ignition batteries, ignition coils, ignition coils, glow plugs for motor vehicles, spark plugs, spark plug connectors, lambda probes, ignition magnetos for engines, magnetometers, silencers/mufflers for automobiles namely, silencers and mufflers for automobile engines and motors and spark arresters for combustion engines; fuel filters, oil filters, air filters for automobiles, namely, air filters for automobile engines and motors; rolling bearings for machines and motor vehicles, axle bearings for motor vehicles, engine bearings, machine bearings, wheel bearings for motor vehicles, cam shafts, crank shafts, transmission shafts for land vehicles, shaft seals for cam shafts, crank shafts, transmission shafts for land vehicles, gearwheels, drive wheels, speed change gear, belt pulleys for land vehicles, idling pulleys for land vehicles, machine pulleys, drive chains and belts, automotive suspension springs, automotive shock absorbing springs, vehicle suspensions springs, valve springs, motor vehicle air filters, air pumps for vehicles, namely, air pumps for automobiles, pumps as parts of machines, motors and engines, automobile regulators for use in turbo engines in vehicles, voltage regulators in vehicles, pressure relief valves, motor controls for vehicles, fans and fan belts, all for engine cooling radiators; cooling fans, cooling radiators, starters, fuel feed apparatus, namely, fuel injectors, fuel tanks, oil cooling apparatus, namely, air conditioner for vehicles, vehicle brakes, caps for cooling radiators, accelerators, hydraulic pumps, hydraulic cylinders, hydraulic reservoirs, hydraulic filters, hydraulic motors, hydraulic pipes, hydraulic valves, boost units for hydraulic transmission, all for machines, engines and motors; machine coupling and transmission components (except for land vehicles), namely, power transmissions, gear boxes for land vehicles and vehicle transmissions, reverse gears, reduction gears, gearbox controllers, traction control systems, vehicle dynamics control systems, shaft connections, machine couplings, shaft couplings, clutch mechanisms for motor cars, clutches for motor vehicles, car exhausts, couplings for machines, shaft couplings and transmission belts; power transmission take-off units for motor vehicle engines, for use as prime movers; inboard and outboard drive units for engines and sailing boat drive trains for inboard engines; hydraulic pumps and motors and components thereof, air pumps for automobiles; bushings and bearings as machine parts; vehicle power steering systems, control valves (machine parts), braking valves (machine parts); exhaust-gas turbo-chargers; air compressors, air compressors for vehicles, compressors as parts of machines, motors and engines, compressed air brakes, compressed air reservoirs, compressed air cylinders and compressed air motors, bilge pumps; metal and plastics working machines; machines for the chemical industry, for agriculture, mining, textile machines, machines for the beverage industry; incubators for eggs; agricultural balers, cultivators, land fertilizing equipment, agricultural seeding equipment, plows, tractors;

construction tractors, cranes, road scrapers, concrete constructions machines; electronic control devices for production technology and servo drives, namely, servo valves and motors, alternating current servo motors; robotic machines, namely, industrial robots for the automobile industry; machine tools for the automotive industry and metalworking industry and parts therefor; electric power tools and accessories therefor; electric can openers; hydraulic lift jacks, body and frame aligners; packing and labelling machines, conveyors, conveyor belts; loading and handling machines for pressing plants and foundries and machines for the tooling of blanks; crawler-tracked loaders, front end loaders, dump truck bodies, excavators and parts and fittings therefor; hydraulic lifters and parts and fittings therefor, forklift trucks, hydraulic power operated boats lifts, hydraulic conveyors, hydraulic jacks, cranes, winches; material handling buckets for excavators and earth moving machines; wood working machines, including delimbing-, slashing-, and debarking equipment; teeth and cutting edges for metalworking machines as integral parts of such machines; car vacuum cleaners and parts and fittings therefor; hand tools and implements (hand operated), namely, manually handled lifting jacks, hand tools and parts and fittings therefor, wheel rims for automobiles, ice scrapers, non-electric can openers; hand operated implements for use in agriculture, horticulture and forestry, namely, gardening tools, hand forks, hand tools, lawn rakes, hoes, for the construction, maintenance and repair of apparatus, vehicles, engines/motors and machines (including drive units and construction machines), and for the building industry, parts of all aforementioned goods; cutlery, including knives, pocket knives; scissors, manicure sets; razors and travel razors; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), seat belts and air bags for automobiles; programmable electrical controllers for diesel engines, programmable electronic speed controllers, programmable electronic controllers for traffic lights; electric and electronic apparatus and instruments, namely, electric batteries for vehicles, electric storage batteries, ignition batteries, automotive battery charges, battery testers, electric mounting for industrial machines, electric fan vehicle blowers; electric accumulators, electric compasses, electric circuit breakers, commutators, electric condensers, electric wiring harnesses, capacitors, relays, electronic time relays, switches, fuses, electrical contacts, electric cables, electric fuses; electric fuse boxes, electrical vehicle, temperature sensors, positioning sensors, motion sensors and velocity sensors, electrical sockets, electrical cigarette lighters for vehicles, printed electrical circuits, integrated circuits; leads for electric, electronic and optical signals for vehicles and machines; cable connections, cable drums; electrical transformers, current transformers, power transformers; electronic headlamp beam adjustment; vehicle acceleration sensors, pollutant sensors and proximity sensors and detectors, switching devices, namely, automobile signal switches, automobile light switches and switch boxes, solar cells and solar generators; analysers for motor vehicles, namely for exhaust gas analysis, soot particle analysis, brake function analysis, diagnostic instruments and equipment for flight simulations, namely, electronic controllers for flight simulators, electronic display panels for flight simulators, vehicle driver training simulators, engine testers, vehicle workshop test devices, namely, diagnostic instruments and equipment for vehicles namely, automatic indicators of low pressure in vehicles, automatic indicators of low fuel, low oil and engine and brake warning lights; high-frequency generators for industrial machinery, for motor vehicles, turbine generators, for ships, computer power supplies, electric power converters, electric power generators, electric power connectors, power cords, power switches, electric air filters for automobiles, for engines, for motors, semiconductor components, namely, diodes, chips, integrated circuits, transistors, wafers; metal strength testing machines, diagnostic machines to test automotive performance; apparatus for recording, transmission and reproduction of data, sound or images and data processing equipment and computers, namely, radios, video screens, video tape players, audio tape players, loudspeakers, audio amplifiers, power amplifiers, signal amplifiers, sound amplifiers, stereo amplifiers, mobile car phones, anti-theft devices for automobiles, namely, anti-theft devices for

motor cars, anti-theft alarms for vehicles, anti-theft locks for use on automobile steering wheels, anti-theft warning apparatus for motor cars, electric anti-theft installations for vehicles, cell phone antennae, hands free kits for motor cars, namely, hands free kits for phones, in-car telephone handset cradles, compact disc players, telematic terminals, namely, computers and monitors, distress signal terminals, namely, marking and signalling buoys, navigation apparatus for vehicles in the form of on-board computers, directional compasses, maritime patrol radar, radars, radar detectors, radar receivers with amplifiers, air traffic control radio equipment, airplane control panels, electronic control systems for vehicles traffic, namely, traffic light signaling devices, cars for cable transport installations, containers of metal for transport, shipping cartons, transport pallets of metal and wood, GPS receivers, transmitters and satellites, toll terminals for electronic toll detection in traffic, black box (accident data monitoring and recording device), auto-computers and on-board computers, calculators and pocket calculators; magnetic data carriers, namely, blank magnetic discs and tapes; computer software for use in vehicles, machines and engines for function of control of engine, gearbox, climate, vehicle stability and driver; computer hardware; video games, recorded and non-recorded data carriers and recording media of all kinds, namely, tapes, discs, blank compact discs, blank audio compact discs, compact discs containing music, video tape cassettes, blank audio tape cassettes; plastic storage boxes for recording media; data processing equipment, namely, computers, computer printers, computerized word processor; highway emergency warning equipment, namely, highway safety cones, emergency warning lights, LED emergency underwater lights for marine rescue; noise suppressors (electrical components) for cars, car aerials and antennas, radio and television aerials and antennas, satellite aerials, cellphone antennas; water gauges, fluid gauges, namely, gas, oil, and anti-freeze fluid gauges for vehicles and industrial machinery, measuring instruments and equipment, namely sensors to measure fuel, oil pressure, tyre pressure, compressed air, temperatures, amperage, speed and engine revolutions; mileage recorders for vehicles, odometers, tachometers; voltage regulators, voltmeters; time recorders, namely, time and date stamping machines, time clocks, timing sensors, rudder indicators, air, land and sea vehicle instrument panels, namely, electronic control panels, lighting control panels, vehicle fluid dipsticks, thermostats, signal lamps; dynamometers, brake tester systems for motor vehicles, electrical and mechanical instruments for control and testing vehicle engines and motors and industrial machine engines and motors, drive units and construction machines; automatic anti-theft alarms for vehicles, automatic vehicle alarms, reversing alarms for vehicles, anti-theft alarms for vehicles, anti-theft locks for use on automotive wheels, electrical anti-theft installations for vehicles, including vehicle immobilizing units; in-vehicle computers to assist with parking; vehicle warning reflector lights; fire extinguisher, fire extinguishing apparatus for vehicles; electronic voltage monitors and regulators for engines and motors; industrial magnets; tape measures; thermometers; directional compasses, magnetic compasses; optical apparatus and instruments, namely, binoculars, magnifying glasses, spectacles, sun glasses and safety goggles, sports goggles, dust protective goggles, lenses for vehicle lamps, sun-proof optical lenses; sun glasses and safety goggles, sports goggles, dust protective goggles, ophthalmic frames; warning triangles; clothing for protection against accidents, namely, footwear, namely, boots and shoes, chemical exposure protective clothing, fire protecting clothing, motorcyclist protective clothing, radiation protective clothing, sun protective clothing, workmen's protective face-shields, protective goggles and dust protective masks; automatic vending machines; cash registers; lighting apparatus and installations (also for vehicles), namely, headlights/headlamps, vehicle lamps and parts therefor, lanterns, lightbulbs, lamp shades, electric flashlights, portable flashlights, electrical torches for lighting, searchlights, soldering torches, welding torches, reading lights; anti-dazzle devices for vehicles, motors and machines, reflectors for lightning devices; installations and apparatus for air filtering and air conditioning, ventilation, refrigerating or heating, namely, radiators for motors and engines, vehicle radiators, vehicle vents,

fans for motors and engines, ventilating fans, internal cooling fans for computers, metallic water pipe valve, metallic pipe valves for vehicles, parts for the aforementioned goods; compressed air ventilators for vehicles and industrial machines, steam generating installations, household stoves and ovens, household dryers, water filtering units for household use; vehicles, including cars, vans, sport-utility vehicles (including golf carts), buses, trucks, tractors, all terrain vehicles, dump trucks and parts, namely, components, and accessories to these items, including vehicle chassis, vehicle bodies, braking pads, brake discs, brake cylinders, brake drums, brake levers, brake linings, brake shoes, brake calipers, draw bars, bumper bars, clutches, engines, electric engines, motors, electric motors, turbines, starter motors, combustion engines, hydraulic brake cylinders and motors, cooling radiators, motor vehicle exhaust silencers, silencers for mufflers and engines, engine mufflers, spark eliminators, power transmissions, motor vehicle gearboxes and transmissions, transmission shafts, differential gears, drive gears, drive shafts, gear change selectors, radiators, radiator caps, motor vehicle exhausts, exhaust cowls, axles, crank shafts, cam shafts and shaft couplings, industrial machine couplings and motor vehicle transmissions components, manual and power steering wheels for vehicles and vessels, manual and power steering drive gears, ships' steering gears, hydraulic steering systems, namely, circuits, cylinders, fluid, pumps, turbines for vehicles and industrial machines, as well as component parts of these items, cylinders for compressed gas and liquid air, cylinders for compressed liquid air and compressed air motors, diesel oil emission testers, vehicle emission testers, air pumps, anti-dazzle devices, namely, vehicle lamp-fittings, sunscreens, roof sun visors, anti-theft devices and alarms, trailer hitches, power take-offs, vehicle suspension springs, valve springs, shock absorbers, ventilating fans, fans for air conditioning units, vehicle fans, namely, fans for vehicle motors and engines, fan belts, level regulators, vehicle bearings, namely, axle bearing, bearings as machine parts, wheels, wheel bearings, wheel trims, balance weights for wheels, engine mountings, vessel and vehicle fuel tanks, engine noise shields, protective car seat covers, covers for vehicle steering wheels, fitted covers for boats, spare tire covers, vehicle covers, radiators grilles, front grills, fluid reservoirs for vehicles to hold anti-freeze, windshield washer fluid, oil pans, plastic and metal vehicle deflectors, direction indicators, hatches, upholstery, handles for doors, hoods, horns, hub caps, hydraulic circuits, tyres, non-skid devices for tyres, namely, chains, mud flaps, vehicle brakes, servo brakes and compressed-air brakes, antilock brake systems, brake pads and brake linings, bumpers, mudguards/fenders, cabs, cab tilt mechanisms, reversing alarms, cruise controls for motor vehicles, electric control panels, electronic control systems for automobile brakes, head rests for seats, arm rests, doors, seats, safety-seats, child safety seats, seat belts, safety seats for children, tables for seats, seat covers, headrest covers, seat belts, devices for collision protection, namely safety devices for motor vehicles, namely, airbags (internal and external), anti-lock brakes, collision warning and alert system, namely reversing alarms, warning lights, magnetic mount flashing safety lights for vehicles, forward collision warning systems, back-up/reverse warning systems, stability control namely, cruise control, computers for managing control devices on airplanes and motor vehicles, adaptive cruise control, seats (including energy-absorbing seats), safety belts, seatbelts and seat belt pretensioners, pedestrian and cyclist detection system, namely, warning lights and alarms, and lane departure warning system, sliding roofs, sun roofs, vehicle steering columns, steering wheels, steering linkages, stabiliser bars, suspensions, suspension lowering outfits, torsion bars, tow bars, windows, window winding mechanisms, power windows, windscreens/windshields (also of safety glass), windscreen/windshield and headlight wipers, defrosting systems for windscreens, wiper blades, vehicle window blinds, driving mirrors, mirrors (retrovisors), tank caps, cover caps for extra headlights, warning triangles, jumper cables, starter cables, warning lamps, luggage restraints for vehicles, luggage nets, luggage carriers, wheel carriers, bicycle carriers, surfboard carriers, boat carriers, mud-guards, snow chains, pet screens, stone screens, storage screens, roof racks and ski racks, stowage boxes, deposit boxes,

stowage compartments, trim panels, spoilers, side and rear skirts, safety cushions, air bags, breakdown cases, holders for mirrors, sun shades, mobile telephone mounting equipment; restraining systems for installation in motor vehicles, namely belt tensioners for vehicles and machines, belt tensioners for fan belts for motors and engines, airbags and sensors; tires, pneumatic tires; adhesive rubber patches for repairing inner tubes; baby carriages, wheeled chairs for invalids; bicycles; rudders, propellers, trimming vanes, steering wheels and fittings for boats as well as component parts of these items; cars, trucks, vans, buses, airplanes, boats, ships; precious metals and their alloys, and jewellery and precious stones, namely, cuff-links, tie clips, coins, medals, lapel pins, model figures [ornaments] coated with precious metal; horological and chronometric instruments, namely, clocks and watches, travel alarm clocks; paper, cardboard and goods made from these materials, namely, paper cubes and paper notes; printed matter, namely, books, instruction books, (computer / computer software) manuals, periodicals, magazines, newspapers, calendars, posters, stickers, banners and pennants of paper, country and road maps, spare parts lists, maintenance manuals, advertising materials, namely, billboards, pamphlets, magazines, printed publications in the field of automotive subjects; bookbinding material; adhesives for stationery and household purposes; artists' brushes, paints, canvas, paint brushes; photographs; stationery, namely, pens and pencils; typewriters and office requisites (except furniture), namely, pen stands, letter holders, metal, wood and plastic storage boxes for recording media, namely pre-recorded audio and video tapes and paper knives; instructional and teaching material, namely, books, pamphlets, manuals, plastic materials for packaging, namely, shopping bags; printers' type; printing blocks; hard rubber, rubber tires, rubber seals, namely, rubber door seals, window seals, trunks seals, luggage compartments seals, raw rubber, synthetic rubber, gutta-percha, asbestos, mica; plastics in extruded form for use in manufacture; rubber supports for motors/engines, reflex tape, insulated felt rings for vehicles and vehicle and industrial engines, motors and machines, sealing compounds for pipe joints, sealing compounds for motor vehicles, plastic tubes for vehicles, pipe connection parts for vehicle radiators, radiator sealing compounds, slide fasteners, cable connectors, electrical power connectors, all made of plastic materials, for pipes and cables; flexible covers made of rubber or of plastic materials for protecting transmission components, crankcase components for vehicles; rubber and plastic mountings for vehicle engines, vehicle transmission assemblies and for vehicle exhausts; plastic in the form of sheets for use in the manufacture of roof coverings for motor vehicles; clutch linings; for engines and motors, pipe gaskets; washers (other than washers for water taps) made of rubber, plastics materials or of vulcanised fibre; grommets made of rubber or of plastics material; air hoses, vehicle air brake hoses, garden hoses, plastic air hoses, rubber air hoses; strips made of rubber or of plastics materials for sealing joints, namely, expansion joint filler, jointing cement, pipe joint compounds; packing and stopping materials, namely, oil seals for car parts and caulking compounds and joint packings for pipes; stuffing materials of plastic, glass beads, rubber, feathers for engines/motors and machines; fiberglass insulation, down insulations, felt insulation, thermal insulation; flexible plastic pipes for vehicles; leather and imitations of leather; animal skins, hides; boxes of artificial leather, luggage, handbags, sportsbags, trunks and travelling bags, handbags, sports bags, golf bags, conference folders, leather belts, umbrellas, pocket wallets, purses, back-packs, document cases, briefcases, card cases; vanity cases, not fitted; key cases, walking sticks, parasols, tool bags (empty); whips, harness and saddlery; vehicle door locks; mirrors (looking glasses); vehicle air cushions; non-luminous road signs of metal; vehicle registration plates (not of metal); metal storage cabinets, plastic shipping and storage boxes, storage crates, storage cartons, storage boxes, storage boxes for video tape player, video disc players, audio tape player, household canister sets; seat cushions, pillows; cable clamps of metal; all aforesaid goods also as parts and fittings of vehicles; bedroom furniture, dining room furniture, kitchen furniture, living room furniture, outdoor furniture; rearview mirrors, handheld mirrors, bathroom mirrors; picture frames, mirror

frames; metal, wood and plastic indoor and outdoor blinds; articles for cleaning purposes, namely, cleaning utensils for vehicles, in particular sponges, car wash leather, cleaning cloths and hand held vacuum cleaner, broom, mops; steel wool; unworked and semi-worked glass (except glass used in building), including glass and safety glass for vehicles; household or kitchen utensils and vessels/containers (not of precious metals or coated therewith), namely mugs, cups, cooling bags, drinking bottles, bottle openers and plastic trays for cars, namely, folding tray tables and floortrays, household trays, namely, wooden desk trays, shower trays, metal desk trays, meal trays, metal trays; cleaning combs and all-purpose scouring sponges; brushes for washing up; glassware, porcelain ware and stoneware, namely, dishes, bakeware, drinking glasses; ropes, towropes, string, spare wheel cover, safety nets, tents, awning, tarpaulins, sails; raw textile fibres; blankets, plaids, namely, blankets, winter vehicle seat covers, towels, pennants of paper and textile, flags of paper and textile, bed covers, table covers; indoor blinds, outdoor blinds of metal; textiles and textile goods, namely, blankets, curtains, tapestry, sheets, pillowcases; pennants of textile; clothing (also outer clothing, leisure wear and sportswear), namely, belts, jackets, coats, pullovers, shawl, shirts, waistcoats, socks, scarves, ties, sweaters, T-shirts, overalls, coveralls, waterproof clothing, namely, tshirts, shirts, blouses, shorts, sweaters, dresses, skirts, pants, jackets, coats, rain wear, trousers, sleep wear; headgear, namely, caps, hats; footwear, namely, casual shoes; lace and embroidery, ribbons; clothing buttons, novelty buttons, hooks and eyes, clothing pins, and sewing needles; sewing kit; artificial flowers; carpets, rugs, mats and matting, linoleum, and carpet tiles, in particular for vehicles; door mats; wall hanging (non-textile), namely, pictures, mirrors; games, playthings and toys, namely, vehicle scale models, die cast vehicle models, scale model vehicles, plush animals, games equipment, namely, nets for load compartment, bats, balloons, and beach balls; decoration for Christmas trees; gymnastic and sporting articles, namely, golf clubs, sports gloves, bags and balls for golf, tennis racquets, badminton racquets, racquetball racquets, and fishing tackle

SERVICES

car wash services; retail and wholesale services of vehicles, engines, motors, as well as of parts and fittings for the aforesaid goods, and handoperated tools for construction, equipment and merchandise products in the nature of clothing, headgear and footwear, scale model vehicles, bags, umbrellas, golf balls and toys; business administration, providing bookkeeping services, business management and business management advisory services, in particular relating to the design, development, manufacture, sale, distribution, repair or maintenance of vehicles, engines /motors and machines (including drive units and construction machines), and of parts, fittings and accessories for the aforesaid; consultancy in the field of vehicle fleet management; real estate affairs; monetary and financial affairs, namely, credit card services; insurance, providing extended warranties on motor vehicles, transport vehicles, agricultural and forestry vehicles and machines, and parts therefor, leasing and financing of motor vehicles, sale of motor vehicles financing, in particular relating to vehicles, engines/motors, sale, leasing, repair and maintenance of motor vehicles, transport vehicles, agricultural and forestry vehicles and machines, namely, wheeled excavators, compact wheel loaders, crawler excavators, compact excavators, wheel loaders, earth moving machines, namely motor graders, backhoe loaders and drive units and parts therefor, to parts, fittings and accessories for the aforesaid, and sale and repair of tools and hand tools, power tools, mechanics tools; building construction; installation of motor vehicle engines and parts therefor; installation, service, repair, inspection, restoration, maintenance, reconditioning, diagnostic tuning, cleaning, painting, polishing and preservation services in the field of vehicles, repair and maintenance of engines and motor vehicles, construction, agriculture and forestry vehicle and machines, power hand tools, shop vacuum, power tools, hand held tools, parts and

fittings for the aforesaid goods, and telecommunication equipment, namely, printers, computers, computer hardware, for the aforesaid; emergency road side assistance; rental of hand and power tools; repair and maintenance of motor vehicles in motor-sport events; operation of garage for the repair and maintenance of motor vehicles; technical assistance in the field of motor vehicles during motorsports events; internet, telecommunication and satellite communication services, namely, telephone services in the field of vehicle radio telephones, paging services, providing air freight shipping services for motor vehicle sales and services; freight transportation by air, rail, truck, and sea related to transport vehicles, telematic in-vehicle communication service providing wireless vehicle navigation and tracking, collection and supply of information in the fields of traffic and technical automotive information; operation of a hotline to provide information in the field of traffic and automotive information; providing a hotline with respect to sports and live musical concerts, live plays; transport telematic services, namely providing information and alarm messages on the working condition, performance, position and movement of motor vehicles, construction, agriculture and forestry vehicles and machines, and their engines, motors, parts and cargo; emergency road side assistance services; emergency medical assistance services; monitoring telephone calls from subscribers of road side assistance and medical assistance programs and notifying emergency facilities; personal communication services via the Internet, computer time sharing, online social networking; providing multiple user access to a computer network; providing virtual private network services, voice messaging services, electronic mail services through wired and wireless access, paging services, wireless digital messaging services; personal gift selection for others, personal shopping for others; virtual chatrooms established via text messaging and on the Internet, on-line advertising the goods and services of others on computer communications networks; transportation of persons by car, truck, bus, rail, air and sea; salvaging, transportation and warehousing of automobiles and ships; ship rescue services, emergency roadside assistance services, emergency automobile and ship towing services; merchandise packaging, packaging of articles for transportation, storing and distribution of merchandise, namely, leasing of storage space, rental of storage containers, warehouse storage services, distribution of products for others for advertising purposes, distribution of motor vehicles; rental of vehicles, aircraft, farm equipment, boats; business management consultations in the field of vehicle traffic, transportation of goods; providing subscription to an online vehicles management service, namely for management of motor vehicles, construction, agriculture and forestry vehicles and machines; providing road and traffic information and road and traffic control information services; providing road route information services; providing travel agency and tourist agency services, tourist office services; treatment of materials, namely engraving, providing surface treatment, namely, anti-rust treatment for vehicles and finishing services to vehicles, boats and airplanes, in particular of metals, plastics, textiles, glass, wood, leather, rubber and of ceramics, in particular for use for vehicles, engines/motors and machines (including drive units and construction machines), and for parts, fittings and accessories thereof; recycling, incineration and destruction, in particular of vehicles, engines/motors and machines (including drive units and construction machines), and of parts and accessories thereof; education and training services in the field of vehicle and construction machine driver training and handling; organizing exhibitions in the field of car shows, travel, tourism, live musical and theatrical performances; radio and television broadcasting entertainment services; live musical concerts, booking of entertainment halls, entertainment in the form of live comedy shows, air shows, car shows; arranging competitions for live musical and theatrical performances, sports competitions, namely, hockey, baseball, football, basketball, golf, gymnastics, sailing and soccer; sport camp services; camp services for sport activities; museum services; rental sports equipment, namely, skis, golf, baseball, hockey equipment; business consulting in the field of conducting public opinion surveys, market opinion polling studies; civil, chemical, and mechanical engineering services; research, development and testing of new product designs; data processing, computer

programming, installation, maintenance and care of computer programs, in particular in the field of technical engineering, logistics and traffic and transport telematic; computer software consulting, business management consulting in the field of information technology; design and development of computer hardware and software, providing computer hardware and software technical support services in the form of screening, recording and directing calls and alarm messages on the working condition, performance, position and movement of motor vehicles, construction, agriculture and forestry vehicles and machines, and their engines, motors, parts and cargo; sorting of waste and recyclable material, in particular from vehicles, engines/motors and machines (including drive units and construction machines), and from parts and accessories thereof; technical consultation in the field of recycling; technical consultation in the field of environmental protection; scientific research in the field of pollution, climate change and related issues concerning the ocean; meteorological research; industrial analysis and research in the field of motor vehicles

Goods

Class 01
(1) Industrial chemicals, namely acids, salts, alkalis, nitrates, phosphates, carbonate, cyanides, prussiates, metallic salts, complex salts, activated carbons, industrial carbon blacks, metallic oxides, non-metallic oxides, sulfides, carbides, hydrocarbons, halides, polyvinyl chlorides, butyl acetate and adhesive compositions for industrial use; carbon dioxide absorbent; fertilizers; compost; fissionable material for nuclear energy; fuel for atomic piles; lithium; radioactive elements for scientific purposes, namely, uranium, plutonium, lithium, neutrons.

Class 07
(2) Metal-working machines; metal machining centers, namely, vertical machining centers, horizontal machining centers, lathes, cutting machines for metalworking, sewing machines, engine motors, industrial robots, turbochargers, forklift trucks, tractors, special vehicles, namely tanks; metalworking machine tools; punching presses; shaping machines for metalworking; metal sawing machines; grinding machines for metalworking; paring machines for metalworking; cutting machines for metalworking; lathes; threading machines; nut-tapping machines; gear cutting and finishing machines; milling machines; millers, namely, milling machines for metal working; drilling machines for metalworking; rolling mills; power tools, namely, end mills; power tools, namely, reamers; gas welding machines; electric welding machines; electric hand drills, electric hand-held drills, electrical drills; gear cutters; drilling bits being parts of machines; broaching machines for metalworking; milling cutters machine tools; cemented carbide cutting tools; diamond-pointed metal-cutting tools; moulds and dies for metal-forming; beating machines; bending machines for metalworking; waste crushing machines; blade sharpening (stropping) machines; disintegrator milling machines; die-cutting and tapping machines; die-stamping machines; dividing machines, namely, separating machines; machines for dressing, namely machines to dress surfaces of grinding wheels; drilling bits (parts of machines); electric hammers; embossing machines; engraving machines; finishing machines, namely, powered machines for finishing metals; foundry machines; pneumatic hammers; hemming machines; apparatus for machining, namely high precision machinery used for abrading, cutting, drilling, forming, grinding, and shaping of a pieces

of metal and raw materials; machine parts, namely, forging molds; planing machines for metalworking, and wood planing machines; electric machines and apparatus for polishing metal; industrial robots; sharpening wheels (parts of machines); stamping machines; trimming machines for metal working; drilling heads being parts of machines; ironing machines for commercial use; iron and steel manufacturing machines; inserts for metalworking machines and tools; rock drills; well drilling machines; tool holders for metalworking machines (parts of machines); excavating machines; cutter loaders, namely machines for extracting minerals; oil-well pumping machines; mining drill sharpeners; mine borers; centrifugal mills; coalcutting machines; extractors for mines; haulage apparatus for mining, namely, coal loaders, belt conveyors, forklifts; high pressure washers; mine working machines, namely, mining drill sharpeners, ore treating machines, truck mills; ore treating machines; shredders for industrial use; belt conveyors; roller bridges; bulldozers; concrete mixers (machines); conveyors (machines); cranes (lifting and hoisting apparatus); derricks; ditchers (ploughs); earth moving machines, namely, excavators, dozers, tractors; elevators; elevators (lifts); escalators; excavators; industrial cargo handling apparatus for loading and unloading cargo; industrial electric hoists; mechanical discharging hoppers; jacks, namely electric jacks, hydraulic jacks, power jacks, rack and pinion jacks; lifting machines, namely, power operated lifting tables; moving sidewalks; mud dredging machines; machines to collect sludge; pneumatic transporters; pneumatic tube conveyors; power hammers; rail-laying machines; railroad constructing machines; power rammers; mechanical reeling machines to reel sheet metal, tubing, paper and wires; road paving machines; road making machines; road rollers; power shovels; winches; graders; earth scrapers; concrete placing machines; asphalt finishers; drilling rigs, floating or non-floating; motor graders; wheel loaders; boring machines; crawler-tracked loaders; crawler drills; agitators for circulating liquid media; carburetters; centrifuges; refrigeration condensers; separating machines for chemical processing; electromechanical machines for chemical industry, namely, electromechanical mixing, blending and marking machines; rubber mixing machines; filtering machines for chemical processing; gasifiers; kneading machines; spin dryers for clothes; oil refining machines; steam oil separators; washing machines; separators for the cleaning and purification of water; absorbing machines for chemical processing, namely, disintegrators, dissolving machines and emulsifying machines; machines for extracting edible oil from organic material; dust collecting machines (for chemical processing); cartridges for filtering machines for chemical processing; reaction vessels being parts of machines for chemical processing; dissolving machines for chemical processing; hydraulic filter presses; industrial machine presses; dehydration machines for producing ethanol, acetic acid and other chemical materials; canning machines; bottling machines; bottle filling machines; bottle sealing machines; bottle stoppering machines; bottle washing machines; can filling machines; can sealing machines; can stoppering machines; paper machines, namely, paper coating machines, paper cutting machines, paper folding machines, paper reeling machines; papermaking machines; corrugated paperboard making machines; paper box making machines; printing presses; industrial printing machines; rotary printing presses; printing rollers for machines; bookbinding machines for industrial purposes; inking apparatus for printing machines; paper feeders being parts of industrial printing machines; printing cylinders; control systems for printing presses; agricultural machines, namely, combines, harvesters, threshers, tiller, rice trans-planter; tractor-towed harrows; tractor towed agricultural implements, namely, mowers; harrows; power-operated atomizers for industrial use; power operated cultivators; fodder presses; binding machines for hay; corn husking machines; grain husking machines; grain separators; timber and produce harvesting machinery; agricultural plows; raking machines for raking grass and hay; agricultural reaper machines; reapers and binders; reapers and threshers; sifting machines in the nature of centrifugal separator; agricultural seed planting machines, namely, sowers; tedding machines; threshing machines; trussing machines for hay; weeding machines; winnowers; power tillers; combine harvesters;

packaging machines; agricultural transplanting machines; painting machines; paint spray guns; plastic moulding machines; injection moulding machines; extrusion moulding machines; compression moulding machines; machines for manufacturing semiconductors; wafer bonding machines; plasma chemical vapor deposition (CVD) equipment used for semiconductor manufacturing; tire vulcanizers; tire vulcanizing machines and rubber vulcanizing apparatus; rubber forming machines; steam turbines [not for land vehicles]; gas turbines not for land vehicles; steam turbines not for land vehicles; air turbines not for land vehicles; hydraulic turbines not for land vehicles; aeronautic engines, aeronautical engines, engines for boats, engines for industrial machinery, rocket engines, and steam engines; gasoline engines not for land vehicles; diesel engines not for land vehicles; gas engines not for land vehicles; jet engines (not for land vehicles); aeroplane engines; steam engines; engines for boats; engines for air cushion vehicles; anti-pollution devices for motors and engines; connecting rods for machines, motors and engines; cylinder heads for engines; injectors for engines; gas filters, fuel filters, oil filters; filters for cleaning cooling air, for engines; hydraulic engines and motors; motors for boats; airplane motors, and boat motors; steam engine boilers; turbochargers; turbocompressors; boiler tubes (parts of machines); exhausts for motors and engines; fans for motors and engines; catalytic converters; radiators (cooling) for motors and engines; seals of engines other than for land vehicles; gas turbine inlet air filters; pumps as parts of machines, motors and engines; centrifugal pumps; rotary pumps; vacuum pumps; power blowers for removing debris; compressors as parts of machines, motors and engines; compressors for refrigerators; centrifugal compressors; blowing machines for exhaustion of dust; blowing machines for the compression, exhaustion and transport of gases; washing machines for laundry; mechanical parking systems, namely, power operated lifts for moving, parking and storing land vehicles; transmissions for machines; transmissions for industrial machinery; valves as machine components; axles for machines; ball rings for bearings; ball-bearings for use in industrial machines; bearing brackets for machines; bearings for transmission shafts; bearings being parts of machines; brake linings other than for vehicles; brakes for industrial machines; brake shoes other than for vehicles; drive chains other than for land vehicles; clack valves of rubber; clutches for industrial machinery; couplings for machines; crank shafts; cylinders for machines; pistons for cylinders; freewheels other than for land vehicles in the nature of free-wheel gear for gas turbine engine for aircrafts, helicopters, for diesel engines for ships; hydraulic door openers and closers (parts of machines); machine fly-wheels; pneumatic door openers and closers (parts of machines); fan belts for motors and engines; dynamo belts; gears for weaving looms; gear boxes for industrial machinery; journal boxes being parts of machines; transmission gears for industrial machinery; piston segments; wheelwork that are parts of machines; pistons (parts of machines or engines); machine pulleys; pressure relief valves; pressure regulators (parts of machines); pressure valves (parts of machines); hydraulic torque converters for machines; reduction gears for industrial machinery; roller bearings for industrial machinery; shaft couplings (machines); shock absorber plungers for industrial machinery; speed governors for machines, engines and motors; springs being parts of industrial machines; transmission chains for industrial machinery; lawnmowers (machines); curtain drawing machines, electrically operated; waste compacting machines; waste disposals; starters for motors and engines; AC generators (alternators); DC generators; electric motors for machines; metal-forming machine tools; slotting machines (for metalworking); broaching machines (for metalworking); mechanical presses (for metalworking); agricultural shearing machines; molding machines for metalworking; molding machines for food or beverage processing; molding machines for plastic processing; puddling machines for metalworking; holding machines for metalworking machine tools; air condensers for chemical processing; heat exchangers for steam turbines other than for land vehicles; heat exchangers (parts of machines) for chemical processing; control systems for turbines other than for land vehicles; control systems for engines other than for land vehicles; control systems for

motors other than for land vehicles; soldering machines, electric; electric arc cutting machines; electric arc welding machines; door closers, electric; door openers, electric; galvanizing machines.

Class 09

(3) Electrolysers; water ionizers; ozonisers, ozonators; parking meters; mechanical signs; road signs, luminous or mechanical; chemical processing machines and apparatus; game programs for video game machines adapted for use with an external display screen or monitor; game programs for home video game machines adapted for use with an external display screen or monitor; simulators for the steering and control of vehicles; cosmographic instruments, namely, telescopes; crucibles of common metal and their alloys for laboratory use; laboratory apparatus for fermentation; furnaces for laboratory experiments; furniture especially made for laboratories; apparatus and instruments for physics, namely, particle accelerator; stills for laboratory experiments; overhead projectors, slide projectors, LCD projectors; barometers and meters to measure air quality; optical apparatus and instruments, namely, cables for optical signal transmission, optical receivers, transmitters, transceivers, optical character recognition apparatus, optical inspection apparatus, optical sensors and scanners; altimeters; anemometers; azimuth instruments, namely instruments to measure the horizontal angle or direction of a compass bearing; precision balances; barometers; boiler control instruments; densimeters; densitometers; detectors, namely, smoke detectors, carbon dioxide detectors, motion detectors; devices for measuring distance; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing food, diagnostic apparatus for the detection of pathogens for laboratory or research use, water testing instrumentation for monitoring and detecting contamination; distance recording apparatus, namely, odometers; dynamometers; gas testing instruments; gasometers; gradient indicators, namely, electrical indicators for gas, speed indicators, water level indicators; heat regulating apparatus, namely, thermostats, temperature regulators for heaters; hygrometers; speed indicators; water level indicators; kilometer recorders for vehicles; manometers; material testing instruments and machines, namely, metal hardness, strength and density testing machines, resistance measuring instruments, ultrasonic instrumentation for material testing machines, acoustic test unit, vibration test machine; measures, namely, laser measuring systems, instruments for measuring gravity, instrument for measuring length, level measuring devices; measuring apparatus, namely, kilometer recorders for vehicles, manometers, distance measuring apparatus; measuring instruments, namely, radiation measuring instruments, tool measuring instruments, astrometric measuring machines; nautical apparatus and instruments, namely, GPS navigation and tracking devices; observation instruments, namely, telescopes and satellites; photometers; precision measuring apparatus, namely, lasers for measuring purposes; pressure gauges; pressure measuring machines; protractors (measuring instruments); revolution counters; speed checking machines for vehicles; sulphitometers; surveying instruments; tachometers; temperature indicators; testing apparatus, not for medical purposes, for testing the performance and efficiency of nuclear plant equipment; vacuum gauges; weighing machines; battery chargers for radiation measuring apparatus; branch boxes in the nature of electrical connection boxes; capacitors; battery chargers for electric batteries; circuit breakers; circuit closers; converters, electric; current rectifiers; current limiters; electric resistors; rheostats; solar batteries; stage lighting regulators; electric transformers; battery jars; rechargeable batteries; electric batteries; battery boxes; high tension batteries; photovoltaic cells; lithium-ion batteries; galvanic cells; ammeters; frequency meters; galvanometers; voltmeters; telecommunication antennas; amplifiers, namely, audio amplifiers, optical amplifiers, power amplifiers, signal amplifiers, sound amplifiers; couplers as a component of data processing equipment; data processing machines, namely computers; electromagnetic coils; high-frequency apparatus, namely, high frequency mobile and sea-based communication antennas; intercommunication apparatus, namely, intercoms, mobile

telephones, two-way radios; magnetic encoders; modems; monitoring machines, electric; navigation apparatus for vehicles in the form of on-board computers; navigational instruments, namely, navigation apparatus for boats and aircraft, satellite aided navigation systems; blank optical discs; fax machines; radars; radiotelegraphy sets; remote control apparatus for control of industrial operations; satellites; data transmitters; central processing units (processors); integrated circuits; cyclotrons; computer memories; computer operating programs, recorded; computers; computer peripherals, namely computer mouse, computer monitor, computer keyboards; computer software recorded on data media used for monitoring and controlling various facilities; computer hardware; metal detectors for industrial or military purposes; printed circuits; radiological equipment for industrial purposes; data processing equipment readers, namely, magnetic coded card readers, chip card readers, optical disk readers, and electronic card readers; sound recording and playback machines; cathodic anti-corrosion apparatus for coating of metal; electrostatic generators; plates for batteries; satellites for scientific purposes; downloadable electronic publications, namely, downloadable user manuals in the field of scientific and electronic instrumentation; in-vehicle equipment for ETC (electronic toll collection system) in the nature electronic card readers; computer software and hardware for intelligent transport systems (ITS).

Class 10

(4) Medical devices for dosimetry purposes in the field of radiotherapy; medical apparatus and instruments, namely, radiation therapy machines and related software sold as a unit, medical radiation apparatus.

Class 11

(5) Heat accumulators; acetylene generators; air driers, namely, dryers for the removal of water vapor from compressed air, dehumidifiers; industrial air purifiers; gas compressors; drying apparatus and installations, namely, drying apparatus for chemical processing and metalworking; distillers for chemical processing; refining towers for distillation; cooling evaporators; gas scrubbing machines; flare stacks for use in the oil industry; heat exchangers (not parts of machines); heat regenerators; heating machines for solid, liquid or gaseous fuels; oil-scrubbing machines; apparatus for creation of chemical polymers, namely, drying apparatus, recuperators, steaming apparatus, evaporating apparatus, distillating apparatus, and heat exchangers, all used for chemical processing used in the process of the creation of polymers; steam generating installations; sterilizers for industrial use; water filtering units for industrial use; ash pits for furnaces; atomic piles; coolers for furnaces; kilns; nuclear reactors; industrial furnaces; loading machines for furnaces; installations for processing nuclear fuel and nuclear moderating material, namely, nuclear generators, nuclear reactors and power plants; industrial cooking ovens; solar furnaces; steam accumulators; heating elements; feeding machines for heating boilers; gas boilers; gas burners; heating boilers; oil burners; petrol burners; water heaters; steam boilers, other than parts of machines; air conditioners for vehicles; air conditioners, air conditioning installations for industrial machinery; evaporative air coolers; air deodorising machines; air filter for vehicles, pistons of engine; air purifying units; air reheaters for heat pump system; air valves for steam heating installations; central heating radiators; cooling installations and machines, namely, refrigeration units for tracks and trailers; freezers; chillers for commercial food preparation and storage, process chillers that provide temperature controlled fluid to various applications in the analytical, semiconductor, laser, plastics and packaging markets; defrosters for vehicles; deodorising machines, not for personal use; cooling installations for beverages; refrigerators; filters for air conditioning; fans for air conditioning units; heaters for vehicles; heating apparatus for solid, liquid or gaseous fuels; heating apparatus, electric, namely, heat pumps, superheaters for power plants, electrical heating unit for stud bolts settled in steam turbine casing, gas turbine casing, boilers for heating installations and pressure regulators for gas and water heating installation;

heating units for commercial and residential heating; hot water heating installations; radiators, electric; heat pumps; humidifiers for central heating radiators; ionisation machines for the treatment of air; solar collectors; air-conditioning ventilation installations for vehicles; beverage cooling machines; purification installations for sewage; incinerators; water purification installations; desalination plants; filters for drinking water; water softening machines; water purifying machines; water supply installations, namely, water distribution plant, desulfurization plants for removal of sulfur from coal or flue gas; desulferization plants; denitrification plants for reducing or removing nitrogen; water intake apparatus used for power plant, water treatment facility, seawater desalination unit; CO2 recovery equipment from flue gases of combustion machines namely boilers, gas turbines and furnaces; boiler pipes (tubes) for heating installations; boilers, other than parts of machines, namely, boilers for heating installations, industrial boilers.

Class 12

(6) Helicopters; agricultural farm tractors; aerial conveyors; couplings for land vehicles; traction engines; driving motors for land vehicles; engines for land vehicles; jet engines for land vehicles; motors for land vehicles; propulsion mechanisms for land vehicles, namely, magnetic levitation propulsion system for linear motor car, turbines for land vehicles; turbines for land vehicles; automobile chains; axle journals; axles for vehicles; brake linings for vehicles; brake segments for vehicles; brake shoes for vehicles; brakes for vehicles; buffers for railway rolling stock; gear boxes for land vehicles; connecting rods for land vehicles, other than parts of motors and engines; torque converters for land vehicles; suspension shock absorbers for vehicles; gearing for land vehicles; hydraulic circuits for vehicles; torsion bars for vehicles; reduction gears for land vehicles; shock absorbing springs for vehicles; transmission chains for land vehicles; transmission shafts for land vehicles; barges; ferry boats; ships' hulls; screw propellers for vessels; ships; passenger ships and boats, cargo ships and boats; tanker ships; ships' steering gears; air cushion vehicles; vehicle chassis; aeronautical apparatus, machines and appliances, namely, aircraft and structural parts therefore; aeroplanes; aircraft; airships; bogies for railway cars; cable cars; caissons (vehicles); railway carriages; clutches for land vehicles; concrete mixing vehicles; electrically powered motor vehicles; fork lift trucks; funiculars; launches; locomotives; transport vehicles with equipped refrigerated storage; remotely controlled land vehicles, boats and aircraft, other than toys, for transport; rolling stock for railways; screw-propellers; screw-propellers for boats; timbers (frames) for ships; space vehicles; tramcars; cars for cable transport installations; vehicles for locomotion by land, air, water or rail, namely, land vehicles, automobiles, trucks, aircraft, trains, boats, ships; articulated dump trucks; light rail vehicles, namely, streetcar transport and tram transport vehicles; moving walkways; linear motor driven railway vehicles; rockets to launch spacecraft or artificial satellites for public interests, scientific research, and other commercial purposes (namely, observation, communications, broad casting), to transfer cargoes, goods, personnel to the space station, to launch a global, lunar and planetary exploration surveyor.

SERVICES

Class 35

(1) Advertising the goods and services of others; on-line advertising on a computer network of the goods and services of others; business information relating to electrical machinery and apparatus; computerized file management; presentation of goods on communication media, for retail purposes, namely, services with regard to product presentation to the public.

Class 37

(2) Airplane maintenance and repair; shipbuilding; ship maintenance and repair; fork lift truck maintenance and repair; vehicle maintenance and repair; installation, maintenance and repair of

computer hardware; electric appliance installation and repair; freezing equipment installation and repair; heating equipment installation and repair; air conditioning machines installation and repair; conveyor maintenance and repair; crane maintenance and repair; installation, maintenance and repair of pumps as parts of machines, motors and engines; printing press maintenance and repair; gas turbine installation, maintenance and repair; diesel engine maintenance and repair; steam turbine installation, maintenance and repair; gas engine maintenance and repair; water turbine installation, maintenance and repair; turbocharger maintenance and repair; compressor maintenance and repair; boiler installation, maintenance and repair; blower installation, maintenance and repair; radiotherapy machines maintenance and repair; motor grader maintenance and repair; metalworking machine maintenance and repair; machining center maintenance and repair; corrugated paperboard making machine maintenance and repair; gasoline engine maintenance and repair; jet engine maintenance and repair; canning machine maintenance and repair; bottling machine maintenance and repair; agricultural machine maintenance and repair; tire vulcanizer maintenance and repair; machines for manufacturing semiconductors maintenance and repair; packaging machine maintenance and repair; plastic moulding machine maintenance and repair; injection moulding machine maintenance and repair; installation of chemical processing plants; repair and maintenance of chemical processing plants; installation of nuclear power plants; repair and maintenance of nuclear power plants; installation of seawater desalination plants; repair and maintenance of seawater desalination plants; installation of iron and steel manufacturing plants; repair and maintenance of iron and steel manufacturing plants; installation and maintenance of solar energy based power plants; installation of geothermal energy based power plants; installation of CO_2 recovery equipment from flue gases of combustion apparatus such as boilers, gas turbines and furnaces; consultancy, advisory and information services; consultation in building construction supervision; building construction supervision; operation and maintenance of building equipment; monitoring of building equipment operation by remote access.

Class 39

(3) Launching of satellites for others; passenger air, rail, ship, train transport; consultancy relating to travel, transport and storage services; information and advisory services in relation to the distribution of energy; consultancy services relating to the transportation and storage of gas, oil and chemicals.

Class 42

(4) Architecture; architectural consultation; calibration of electronic equipment; mechanical engineering, chemical engineering, nuclear engineering, sanitation engineering, civil engineering drawing services; computer programming services; computer software design; computer system design; installation of computer software; construction drafting; marine, aerial and land surveying; geological research; industrial design; mechanical research; research on building construction and city planning; testing and research on prevention of pollution; testing and research on civil engineering; testing, inspection and research on agriculture, livestock breeding and fisheries; testing and research on machines; testing, inspection and research of pharmaceuticals, cosmetics and foodstuff; gas turbines, steam turbines, generators, engines, boilers, metal working machines and instruments, construction machines and instruments, material handling machines and instruments, mining machines and instruments, automobiles, aircrafts, ships and boats, measuring machines and instruments, artificial satellites, robots, water heaters, air conditioning machines and instruments, refrigerating machines, sewage disposal plants, material processing machines; testing, inspection and research on industrial chemicals for pharmaceuticals, cosmetics and foodstuff; testing, inspection and research on materials for pharmaceuticals, cosmetics and foodstuff; consultancy in the field of energy efficiency; consultancy relating to the design,

programming and maintenance of computer software; consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; consultancy in connection with hardware and software for connection to, management of, operating and using computer networks; technical consulting in the field of pollution detection; consultation services concerning performance and methods of operation of computers, motor vehicles, and industrial machines that require expertise, skills or a high degree of experience to operate properly in a particular field of use; technical consultancy in the field of environmental science; consultancy services relating to research in the field of environmental protection.

Goods

Class 01

(1) Chemical diagnostic reagents for medical-scientific research use; chemical reagents for use in analytical tests to identify the antibiotic resistance in the treatment of infectious diseases in humans; diagnostic medical preparations for scientific research use; diagnostic reagents kits for identifying the cause of infectious diseases in humans; chemical diagnostic reagent preparations for real time analysis of DNA extracted from microbes capable of carrying genes conferring resistance to antimicrobial substances; chemicals and chemical reagents for use in industry, science and research, namely chemical solutions and preparations consisting of pre-mixed reactants and reagents for scientific and research use in connection with identification of multiple causes involved in human infectious diseases; chemical reagent mixtures in a kit form, other than for medical or veterinary use suitable for use with Raman Spectroscopy, Surface Enhanced Raman Scattering (SERS) and Surface Enhanced Resonance Raman Scattering (SERRS).

Class 05

(2) Reagents for medical diagnostic use.

Class 10

(3) Testing kits for medical use, namely diagnostic kits consisting primarily of chemicals and chemical reagents for use in Raman Spectroscopy, Surface Enhanced Raman Scattering (SERS) and Surface Enhanced Resonance Raman Scattering (SERRS); diagnostic testing kits for identification of multiple causative agents of, and biomarkers involved in, human disease; testing apparatus for in-vitro diagnosis incorporating chemical and biochemical reagents for the identification of causes involved in human infectious diseases; testing apparatus for in-vitro diagnosis incorporating chemical reagents for the identification of causes involved in human infectious diseases specifically adapted for medical use.

SERVICES

Class 42

Scientific and technological services, namely configuring sample analyzers and sample processors and carrying out fault diagnosis of sample analyzers and sample processors for use with chemical reagent preparations.
